Stadium eventing rules and guidance

Stadium eventing has proved to be a great gateway discipline to eventing. SANESA has introduced the discipline in other provinces and the hope is that it can be rolled out to Mpumalanga as well. We recognise that this is a new discipline, and provide the following information as guidance for competitors, parents and instructors. Our objective is a fun day out for riders, horses, and spectators. Here is a link to the rules on the SANESA website, these are the rules currently being applied at most events in Gauteng.

Uplands will be hosting the 'short form' of Stadium Eventing course options. This means that the cross country style fences will be placed in the Showjumping arena. All Stadium Eventing will take place in the main Showjumping arena.

<https://www.sanesa.co.za/files/Rules%20Eventing%20Classic%20201102%20Website%20-%20REV%203.pdf>

An extract from those rules:

The Eventing Classic series was introduced to provide Eventers with showjumping and cross-country experience in and adjacent to a showjumping arena. The use of crosscountry obstacles such as corners, arrowheads and others found on the cross-country course with conventional show jumping obstacles gives a different experience to competitors. Riders are able to introduce themselves and their horses to cross-country problems in a situation where some poles fall down and hence less chance of injury. Unlike the cross-country test in Eventing, all jumping is also visible to the instructor. As the courses are to be encouraging for their standard, the series also provides the opportunity for horses and riders to gain experience of a higher grade.

The following extract is taken from the SANESA entry forms that were used during 2017. This is for guidance and information purposes. Riders are free to choose their starting height. Classes will run from smallest to biggest class, the first class ridden must be the SANESA class as the results from this first class ridden will be recorded.

Extracted from the SANESA site – some of the clauses that are not applicable are excluded. To be read in conjunction with the SANESA General Rules and Regulations as well as the discipline specifics. STADIUM EVENTING AS a Sub discipline of Eventing the Rules as per ESA National Technical Discipline rules, including/excluding the following:

1. There may be no cross entry of horse-rider combination between levels at any one show with the exception of the specific linked classes within each level
2. No horse/pony may be ridden by more than 1 rider.
3. Show Jumping and Cross Country fences must be designed and built according to the ESA Eventing rules.
4. Medical cards will be compulsory. These cards can be printed from the SANESA website and need to be completed and attached by a medical armband to the shoulder or ankle of the rider.
5. Body Protectors are compulsory for SANESA, recommended for this show.
6. At least jodphur boots (boots covering the ankle) are compulsory to be worn by the athlete.
7. In a regular graded event, vest numbers to be worn & hair to be tied up so as not to obscure the riders number, recommended for this show.
8. Surcingles are recommended.
