**STADIUM EVENTING**

**An extract from the rules:**

*The Discipline was introduced to provide Eventers with show-jumping and cross-country experience in and adjacent to a show-jumping arena. The use of cross-country obstacles as found on the cross-country course with conventional show-jumping obstacles gives a different experience to competitors. Riders are able to introduce themselves and their horses to cross-country problems in a situation where some poles fall down and hence less chance of injury. Unlike the cross-country test in Eventing, all jumping is also visible to the instructor. As the courses are to be encouraging for their standard, the discipline also provides the opportunity for horses and riders to gain experience of a higher grade.*

Riders are free to choose their starting height. Classes will run from smallest to biggest class.

**Stadium Eventing as a sub-discipline of Eventing applies the rules as per ESA National Technical Discipline rules, including the following:**

1. There may be no cross entry of horse-rider combination between levels at any one show with the exception of the specific linked classes within each level.
2. No horse/ pony may be ridden by more than 1 rider.
3. Show Jumping and Cross Country fences must be designed and built according to the ESA Eventing rules.
4. Medical cards are recommended. These cards should be completed and attached by a medical armband to the shoulder or ankle of the rider.
5. Body Protectors are recommended for this show.
6. At least jodhpur boots (boots covering the ankle) are compulsory to be worn by the athlete.
7. In a regular graded event, vest numbers to be worn & hair to be tied up so as not to obscure the riders' number, recommended for this show.
8. Surcingles are recommended.
